

## **Community Engagement - Training for Health Trainers and Health Champions working in the East of England region**

### **Summary of evaluation forms**

Total number of respondents for the four events:

60

### **To what extent were the objectives met:**

Fully: 46 **77 %** Mainly: 10 **17%** To some extent: 4 **6%** Not at all: 0 **0%**

Two respondents said that the course only met its objectives 'to some extent' because they were only present for half the day.

### **To what extent was the material presented clearly:**

Fully: 45 **75 %** Mainly: 19 **31%** To some extent: 1 **4%** Not at all: 0 **0%**

### **Comments**

There were too many to record but they were overwhelmingly positive about the course and there was consistent evidence that the participants intended to apply the learning in their work settings.
